To: LJ Woodard <lj@ljwoodard.com>

Hey LJ,

Here are all the bills and solar agreements you requested. I have a few notes here.

1) One thing to notice is that the SDGE bill went through the roof the last two months and the solar bill went to zero. I actually just noticed this when putting this email together because they are on Autopay and I do not frequently check them. So basically the solar system stopped producing energy in early March. The solar company didn't bother to let me know. I just called them and they have a technician coming out on 5/24 to look at it.

2) Because the system stopped working you can see the actual benefit of having solar. Looking at March and April 2022 shows what the electric bill is without the solar system working. Compared to 2021, the bill more than doubled without the solar system working.

3) The solar system came with the house when I purchased it several years ago. It was not sized properly for our needs because we have a Tesla. We therefore use a lot more energy than the system produces. Charging our Tesla accounts for about half of our energy usage. We also keep the house at 68-71 degrees so we do use a lot of AC.

4) In November 2021 Sunrun purchased Vivint, and so the bills starting in November will show as Sunrun.

Here is a summary as well.

Date	SDGE	Vivint	Total
Mar-21	82.35	141.73	224.08
Apr-21	17.32	153.54	170.86
May-21	36.26	164.65	200.91
Jun-21	106.55	179.19	285.74
Jul-21	222.17	181.91	404.08
Aug-21	325.07	156.68	481.75
Sep-21	336.57	136.28	472.85
Oct-21	283.76	110.63	394.39
Nov-21	267.77	90.65	358.42
Dec-21	235.78	61.4	297.18
Jan-22	291.93	83.54	375.47
Feb-22	74.41	105.93	180.34
Mar-22	498.67	13.04	511.71
Apr-22	633.09	0.01	633.1

Solar system not working in March and April

--
Jon Hart

RESIDENTIAL POWER PURCHASE AGREEMENT

This RESIDENTIAL POWER PURCHASE AGREEMENT (this "Agreement") is entered into by and between VIVINT SOLAR DEVELOPER, LLC, a Delaware limited liability company ("We", "Us", "Our") and the undersigned Customer(s) ("You", "Your"), as of the Transaction Date set forth below.

Customer(s):	Full Name (First, Ml. Last) Property Owner: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	CHRISTINA SLATER	Full Name (First, Ml. Last) Property Owner: <input type="checkbox"/> Yes <input type="checkbox"/> No	
	Telephone No.:	760-317-6015	E-Mail:	christinaslater@hotmail.com
Property Address:	Street Address:	1708 WEATHERWOOD CT.		
	City, County, State, Zip:	SAN MARCOS, CA 92078		

1. SERVICES

A. DESCRIPTION OF THE PROJECT AND DESCRIPTION OF THE SIGNIFICANT MATERIALS TO BE USED AND EQUIPMENT TO BE INSTALLED. We will design, install, service and maintain a solar photovoltaic system on Your Property, which will include all solar panels, inverters, meters, and other components (collectively, the "System"), as further described in the Customer Packet and the Work Order that We will provide to You hereafter. All material portions of the System will be installed by Our employed technicians and electricians, and not subcontractors. With Your cooperation, We will (i) design, install and connect the System in material compliance with all applicable laws; (ii) complete all required inspections; and (iii) obtain all required certifications and permits. In order to design a System that meets Your needs, You agree that We may obtain Your electrical usage history from Your electric utility (the "Utility") and You shall provide Us with copies of Your Utility bills as We may reasonably request. Other than the activation fee described in Section 1.B, We will design and install the System at no cost to You.

B. ACTIVATION. You agree to pay Us a one-time activation fee in the amount of \$ 0. We will interconnect the System with the Utility, and cause the System to generate energy measured in kilowatt hours ("kWh") (the "Energy"). Installation of the System generally takes one day and is anticipated to begin and be substantially complete between two (2) and six (6) weeks hereafter.

C. OWNERSHIP OF SYSTEM. We shall own the System as Our sole personal property. You will have no property interest in the System.

D. OPERATIONS AND MAINTENANCE. We will operate and maintain the System (i) at Our sole cost and expense; (ii) in good condition; and (iii) in material compliance with all applicable laws and permits and the Utility's requirements.

E. INSURANCE. We carry commercial general liability insurance, workers' compensation insurance, and property insurance on the System. For more information concerning Our insurance, and to obtain a copy of Our certificate of insurance, please visit: www.vivintsolar.com/insurance.

2. TERM, PRICE, PAYMENTS, AND FINANCIAL DISCLOSURES

A. ENERGY PRICE. For all Energy produced by the System, You shall pay Us \$0. 15 per kWh (the "Energy Price"), plus applicable taxes. The Energy Price shall increase each year by two and nine-tenths percent (2.9%). A good faith estimate of the System output, measured in kilowatt hours, will be provided to You in the Customer Packet. THIS AGREEMENT IS FOR THE SALE OF ENERGY BY US TO YOU AND NOT FOR THE SALE OF A SOLAR ENERGY DEVICE.

B. TERM. This Agreement shall be effective as of the Transaction Date and continue until the twentieth (20th) anniversary of the In-Service Date (the "Term"). The "In-Service Date" shall be the first day after all of the following have been achieved: (i) the System has been installed and is capable of generating Energy; (ii) all permits necessary to operate the System have been obtained; (iii) the System has been interconnected with the Utility; and (iv) all inspections and certificates required under applicable law or by the Utility have been completed or received.

C. PAYMENTS. Beginning with the first month following the In-Service Date and throughout the Term, We will send You an invoice reflecting the charges for Energy produced by the System in the previous month. You shall make monthly payments to Us by automatic payment deduction from Your designated checking account or credit card. It is Your responsibility to ensure that there are adequate funds or adequate credit limit. There is no financing charge associated with this Agreement. For all payments more than ten (10) days past due, We may impose a late charge equal to Twenty-Five Dollars (\$25) and interest at an annual rate of ten percent (10%), plus applicable taxes. If You continue to fail to make any payment within ten (10) days after We give You written notice, then We may exercise all remedies available to Us pursuant to Section 13(b).

D. RENEWAL. At the end of the Term, You may elect to (i) continue with this Agreement on a year-to-year basis; (ii) enter into a new Agreement with Us and cancel this Agreement; (iii) purchase the System at the end of the Term and cancel this Agreement (the "Purchase Option"); or (iv) cancel this Agreement and have the System removed at no cost to You. You will need to notify Us in writing concerning Your election sixty (60) days prior to the end of the Term. If You elect the Purchase Option, the "Purchase Option Price" will be the then-current fair market value of the System based on an independent appraiser's valuation of similarly sized photovoltaic systems in Your geographic region. The appraiser's valuation will be provided to You in writing and will be binding. If We receive Your payment of the Purchase Option Price, costs of the appraisal, applicable taxes, and all other amounts then owing and unpaid hereunder, We will transfer ownership of the System to You at the end of the Term on an "As Is, Where Is" basis. If You elect to have the System removed, We will remove the System from Your Property within ninety (90) days after the end of the Term. **IF YOU DO NOT NOTIFY US OF YOUR ELECTION TO CANCEL BY SENDING A WRITTEN NOTICE TO US, THEN THIS AGREEMENT WILL AUTOMATICALLY RENEW ON A YEAR-TO-YEAR BASIS UNTIL YOU NOTIFY US IN WRITING OF YOUR ELECTION TO CANCEL AT LEAST SIXTY (60) DAYS PRIOR TO THE END OF THE RENEWAL TERM.**

E. CREDIT CHECK. In connection with the execution of this Agreement and at any time during the Term, You hereby authorize Us to (i) obtain Your credit rating and report from credit reporting agencies; (ii) to report Your payment performance under this Agreement to credit reporting agencies; and (iii) disclose this and other information to Our affiliates and actual or prospective lenders, financing parties, investors, insurers, and acquirers.

WE MAY HAVE PRESCREENED YOUR CREDIT. PRESCREENING OF CREDIT DOES NOT IMPACT YOUR CREDIT SCORE. YOU CAN CHOOSE TO STOP RECEIVING "PRESCREENED" OFFERS OF CREDIT FROM US AND OTHER COMPANIES BY CALLING TOLL-FREE (888) 567-8688. SEE PRESCREEN & OPT-OUT NOTICE (SECTION 29) BELOW FOR MORE INFORMATION ABOUT PRESCREENED OFFERS.

3. LIMITED WARRANTY

A. LIMITED INSTALLATION WARRANTY. We provide a workmanship warranty that the System shall be free from material defects in design and workmanship under normal operating conditions for the Term. We further warrant that all rooftop penetrations We install shall be watertight as of the date of installation. We do not provide any warranty to You with respect to any component of the System. Any manufacturer's warranty is in addition to, not in lieu of, this limited installation warranty. This warranty does not cover problems resulting from exposure to harmful materials and chemicals, fire, flood, earthquake, or other acts of god, vandalism, alteration of system by anyone not authorized by Us, or any other cause beyond Our control.

B. MANUFACTURERS' WARRANTIES. The System's solar modules carry a minimum manufacturer's warranty of twenty (20) years as follows: (a) during the first ten (10) years of use, the modules' electrical output will not degrade by more than ten percent (10%) from the originally rated output; and (b) during the first twenty (20) years of use, the modules' electrical output will not degrade by more than twenty percent (20%) from the originally rated output. The System's inverters carry a minimum manufacturer's warranty of ten (10) years against defects or component breakdowns. During the Term, We will enforce these warranties to the fullest extent possible.

C. DISCLAIMER OF WARRANTY. EXCEPT AS SET FORTH IN THIS SECTION 3, WE MAKE NO OTHER WARRANTY TO YOU OR ANY OTHER PERSON, WHETHER EXPRESS, IMPLIED OR STATUTORY, AS TO THE MERCHANTABILITY OR FITNESS FOR ANY PURPOSE OF THE EQUIPMENT, INSTALLATION, DESIGN, OPERATION, OR MAINTENANCE OF THE SYSTEM, THE PRODUCTION OR DELIVERY OF ENERGY, OR ANY OTHER ASSOCIATED SERVICE OR MATTER HEREUNDER, ALL OF WHICH WE HEREBY EXPRESSLY DISCLAIM. OUR LIABILITY FOR ANY BREACH OF ANY WARRANTY IS LIMITED TO REPAIRING THE SYSTEM OR YOUR PROPERTY TO THE EXTENT REQUIRED UNDER THIS AGREEMENT. YOU ACKNOWLEDGE THAT WE ARE RELYING ON THIS SECTION 3.C. AS A CONDITION AND MATERIAL INDUCEMENT TO ENTER INTO THIS AGREEMENT. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION OF THE FACE HEREOF.

4. REMOVAL OF THE SYSTEM

You shall not make any Alterations (as defined in Section 9(c)) to the System. If You want to make repairs or improvements to Your Property that require the temporary removal of the System or that could interfere with its performance or operation, You must give Us at least thirty (30) days' prior written notice (a "Customer-Requested Shutdown"). You agree that any repair or improvement to Your Property shall not materially alter Your roof where the System is installed. As compensation for Our removal, storage, and reinstallation of the System, You agree to pay to Us a fee equal to Four Hundred and Ninety-Nine Dollars (\$499) before We remove the System. You shall be required to pay the Shutdown Payment (as defined in Section 15) if the System is not reinstalled within thirty (30) days of removal. In the event of an emergency affecting the System, You shall contact Us immediately. If We are unable to timely respond, You may (at Your own expense) contract with a licensed and qualified solar installer to remove the System as necessary to make repairs required by the emergency. You shall be responsible for any damage to the System that results from actions taken by Your contractor.

5. ARBITRATION OF DISPUTES

Most customer concerns can be resolved quickly and amicably by calling Our customer service department at (877) 404-4129. If Our customer service department is unable to resolve Your concern, You and We agree to resolve any Dispute (as defined below) through binding arbitration or small claims court instead of courts of general jurisdiction. BY SIGNING BELOW, YOU ACKNOWLEDGE AND AGREE THAT (I) YOU ARE HEREBY WAIVING THE RIGHT TO A TRIAL BY JURY; AND (II) YOU MAY BRING CLAIMS AGAINST US ONLY IN YOUR INDIVIDUAL CAPACITY, AND NOT AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS OR REPRESENTATIVE PROCEEDING. You and We agree to arbitrate all disputes, claims and controversies arising out of or relating to

(i) any aspect of the relationship between You and Us, whether based in contract, tort, statute or any other legal theory; (ii) this Agreement or any other agreement concerning the subject matter hereof; (iii) any breach, default, or termination of this Agreement; and (iv) the interpretation, validity, or enforceability of this Agreement, including the determination of the scope or applicability of this Section 5 (each, a "Dispute"). Prior to commencing arbitration, a party must first send a written "Notice of Dispute" via certified mail to the other party. The Notice of Dispute must describe the nature and basis for the Dispute and the relief sought. If You and We are unable to resolve the Dispute within thirty (30) days, then either party may commence arbitration. The arbitration shall be administered by JAMS pursuant to its Streamlined Arbitration Rules and Procedures (available at: <http://www.jamsadr.com/rules-streamlined-arbitration>), the "JAMS Rules" and under the rules set forth in this Agreement. The arbitrator shall be bound by the terms of this Agreement. No matter the circumstances, the arbitrator shall not award punitive, special, exemplary, indirect, or consequential damages to either party. If You initiate arbitration, You shall be responsible to pay \$250. All attorneys' fees, travel expenses, and other costs of the arbitration shall be borne by You and Us in accordance with the JAMS Rules and applicable law. The arbitration shall be conducted at a mutually agreeable location near Your Property. Judgment on an arbitration award may be entered in any court of competent jurisdiction. Nothing in this Section 5 shall preclude You or We from seeking provisional remedies in aid of arbitration from a court of competent jurisdiction.

NOTICE: BY INITIALING IN THE SPACE BELOW YOU ARE AGREEING TO HAVE ANY DISPUTE ARISING OUT OF THE MATTERS INCLUDED IN THE "ARBITRATION OF DISPUTES" PROVISION DECIDED BY NEUTRAL ARBITRATION AS PROVIDED BY CALIFORNIA LAW AND YOU ARE GIVING UP ANY RIGHTS YOU MIGHT POSSESS TO HAVE THE DISPUTE LITIGATED IN A COURT OR JURY TRIAL. BY INITIALING IN THE SPACE BELOW YOU ARE GIVING UP YOUR JUDICIAL RIGHTS TO DISCOVERY AND APPEAL, UNLESS THOSE RIGHTS ARE SPECIFICALLY INCLUDED IN THE "ARBITRATION OF DISPUTES" PROVISION. IF YOU REFUSE TO SUBMIT TO ARBITRATION AFTER AGREEING TO THIS PROVISION, YOU MAY BE COMPELLED TO ARBITRATE UNDER THE AUTHORITY OF THE BUSINESS AND PROFESSIONS CODE OR OTHER APPLICABLE LAWS. YOUR AGREEMENT TO THIS ARBITRATION PROVISION IS VOLUNTARY. YOU HAVE READ AND UNDERSTAND THE FOREGOING AND AGREE TO SUBMIT DISPUTES ARISING OUT OF THE MATTERS INCLUDED IN THE "ARBITRATION OF DISPUTES" PROVISION TO NEUTRAL ARBITRATION.

I/WE AGREE TO ARBITRATION AND WAIVE THE RIGHT TO A JURY TRIAL:

Customer(s) Initials:

6. NOTICE TO CUSTOMERS

A. LIST OF DOCUMENTS TO BE INCORPORATED INTO THE CONTRACT: (i) this Agreement, (ii) the Additional Terms and Conditions, (iii) the Customer Packet, and (iv) the Work Order. These documents are expressly incorporated into this Agreement and apply to the relationship between You and Us.

B. IT IS NOT LEGAL FOR US TO ENTER YOUR PREMISES UNLAWFULLY OR COMMIT ANY BREACH OF THE PEACE TO REMOVE GOODS INSTALLED UNDER THIS AGREEMENT.

C. DO NOT SIGN THIS AGREEMENT BEFORE YOU HAVE READ ALL OF ITS PAGES. You acknowledge that You have read and received a legible copy of this Agreement, that We have signed the Agreement, and that You have read and received a legible copy of every document that We have signed during the negotiation.

D. DO NOT SIGN THIS AGREEMENT IF THIS AGREEMENT CONTAINS ANY BLANK SPACES. You are entitled to a completely filled in copy of this Agreement, signed by both You and Us, before any work may be started.

E. YOU MAY CANCEL THIS TRANSACTION AT ANY TIME PRIOR TO THE LATER OF: (I) MIDNIGHT OF THE THIRD (3RD) BUSINESS DAY AFTER THE TRANSACTION DATE, OR (II) THE START OF INSTALLATION OF THE SYSTEM. SEE THE NOTICE OF CANCELLATION BELOW FOR AN EXPLANATION OF THIS RIGHT.

INFORMATION ABOUT THE CONTRACTORS' STATE LICENSE BOARD (CSLB): CSLB is the state consumer protection agency that licenses and regulates construction contractors. Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions, and civil judgments that are reported to CSLB. Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees. For more information: VISIT: CSLB's website at www.cslb.ca.gov; CALL: CSLB at (800) 321-2752; WRITE: CSLB at P.O. Box 26000, Sacramento, CA 95826

NOTICE OF CANCELLATION

YOU, THE CUSTOMER, HAVE THE RIGHT TO CANCEL THIS CONTRACT WITHIN THREE (3) BUSINESS DAYS, OR (IF LATER) UNTIL THE START OF INSTALLATION OF THE SYSTEM. YOU MAY CANCEL BY E-MAILING, MAILING, FAXING, OR DELIVERING A WRITTEN NOTICE TO VIVINT SOLAR DEVELOPER, LLC AT 4931 N 300 W, PROVO, UT 84604 AT ANY TIME PRIOR TO THE LATER OF: (I) MIDNIGHT OF THE THIRD (3RD) BUSINESS DAY AFTER YOU RECEIVED A SIGNED AND DATED COPY OF THE CONTRACT THAT INCLUDES THIS NOTICE, OR (II) THE START OF INSTALLATION OF THE SYSTEM. INCLUDE YOUR NAME, YOUR ADDRESS, AND THE DATE YOU RECEIVED THE SIGNED COPY OF THE CONTRACT AND THIS NOTICE. IF YOU CANCEL, THE CONTRACTOR MUST RETURN TO YOU ANYTHING YOU PAID WITHIN TEN (10) DAYS OF RECEIVING THE NOTICE OF CANCELLATION. FOR YOUR PART, YOU MUST MAKE AVAILABLE TO THE CONTRACTOR AT YOUR RESIDENCE, IN SUBSTANTIALLY AS GOOD CONDITION AS YOU RECEIVED IT, ANY GOODS DELIVERED TO YOU UNDER THIS CONTRACT OR SALE. OR, YOU MAY, IF YOU WISH, COMPLY WITH THE CONTRACTOR'S INSTRUCTIONS ON HOW TO RETURN THE GOODS AT THE CONTRACTOR'S EXPENSE AND RISK. IF YOU DO MAKE THE GOODS AVAILABLE TO THE CONTRACTOR AND THE CONTRACTOR DOES NOT PICK THEM UP WITHIN TWENTY (20) DAYS OF THE DATE OF YOUR NOTICE OF CANCELLATION, YOU MAY KEEP THEM WITHOUT ANY FURTHER OBLIGATION. IF YOU FAIL TO MAKE THE GOODS AVAILABLE TO THE CONTRACTOR, OR IF YOU AGREE TO RETURN THE GOODS TO THE CONTRACTOR AND FAIL TO DO SO, THEN YOU REMAIN LIABLE FOR PERFORMANCE OF ALL OBLIGATIONS UNDER THE CONTRACT.

I HEREBY CANCEL THIS TRANSACTION DATED:

Customer's Signature:

ADDITIONAL TERMS AND CONDITIONS

7. REPRESENTATIONS AND WARRANTIES

You represent, warrant and agree that each of the following is true and correct: (i) all information concerning You herein is true, correct and complete; (ii) You are the sole owner of the Property; (iii) You have full and exclusive ownership rights to the Property; (iv) You are at least eighteen (18) years of age; (v) You currently have and agree to maintain customary property and liability insurance with respect to Your Property; and (vi) You have had the opportunity to review and discuss this Agreement with Our sales agent and any other advisor You may desire to consult. You understand that any mistake, misrepresentation, or omission in this Agreement made by You is a material breach of this Agreement and entitles Us to the remedies provided for in Section 13(b). We make no representations or warranties except as expressly set forth in this Agreement.

8. OUR SERVICES. (a) Metering. We will install performance meter(s) as needed to measure the Energy produced by the System. We will collect performance data remotely or use Our personnel to collect the data. We will provide this data to You upon Your reasonable request. You agree to allow Our personnel reasonable access to Your Property to collect such data. At Our discretion, We may test the accuracy of the performance meters from time to time. If testing indicates that the meter is inaccurate by more than +/- 5%, We will (i) repair and recalibrate the meter, at no cost to You; and (ii) make retrospective adjustments to Your payments based on corrected meter data for the period of such inaccuracy. If the meter is inoperable for any reason, including Your failure to maintain working broadband internet or electrical connections, We may charge You for the Shutdown Payment. (b) Casualty Losses. If the System is damaged or destroyed by fire, storm, flood, earthquake, or other disaster or accident (each, a "Casualty Event") covered by Our insurance, We will promptly repair and replace the damaged portions of the System as necessary to restore it to good working condition. If the System is damaged or destroyed by a Casualty Event not covered by Our insurance, We may, at Our option (i) repair and restore the System to good working condition; or (ii) terminate this Agreement and, at Your election, either convey the System in its then-existing condition, "As Is, Where Is", to You for no additional consideration or remove the System from Your Property. (c) Disconnection of System. We may cause the System to be disconnected from the Utility's facilities if they require such disconnection or We are required to do so under applicable law.

9. YOUR DUTIES. (a) Use of the System. You shall use the Energy for residential purposes only and not for heating a swimming pool. At all times, You shall ensure that the Property remains grid-connected to the Utility. (b) Broadband Internet Connection. You must provide the System with continuous access to a functioning internet connection with one wired Ethernet port and standard electrical outlet, at Your cost. If You fail to maintain broadband internet or electrical connection for a period of time, We may charge You the Shutdown Payment. (c) System Alterations. You shall not (i) alter, repair, or otherwise modify any component of the System (collectively "Alterations"); and (ii) take any action that could void or impair any warranty relating to the System. You will be responsible for any damage to the System that is caused at any time by You or Your guests, invitees, contractors, or agents. (d) Property Alterations. You shall (i) trim all trees on Your Property, not install structures on Your roof, and take other reasonable steps to ensure that shading of the System is no worse than on the Transaction Date; and (ii) maintain, in good condition and repair, the roof and all electrical systems of Your Property. (e) Authorizations. You shall obtain from Your mortgagee, home owners' association, or any other person with an interest in Your Property all authorizations necessary for Us to install, operate, and maintain the System. Your failure to obtain these authorizations in a timely manner may result in termination of this Agreement. (f) Taxes. You will pay all taxes assessed on or arising from installation or operation of the System, including any general excise or sales tax on the Energy produced by the System. We shall be responsible for income tax and property tax assessed in relation to Our ownership of the System. (g) Changes. If You, the Utility, or any governmental agency requires (i) any change to the System after its installation, You shall pay Our standard parts and labor charges; or (ii) that We pay any tax, fee, or other charge in relation to the System or this Agreement after the In-Service Date, then You shall be responsible to reimburse Us for such tax, fee, or other charge (except for income and property taxes that are Our responsibility under Section 9(d)). (h) Further Assurances. Upon Our request, You shall promptly sign and return (i) any application, agreement or other document necessary for Us to obtain any credits, rebates, incentives, allowances, or certificates that are attributed, allocated, or related to the System, the Energy, or environmental attributes thereof (collectively, the "System Interests"); (ii) any permits, interconnection, net metering agreements, and other documents required by the Utility; and (iii) any document necessary to verify Our ownership interest in the System and System Interests. (i) Duty to Notify. You shall promptly notify Us if (i) You notice any person or thing interfering with the operation of the System; (ii) Your Property has any ordinance or permit violations or encumbrance that may prevent proper System permitting; or (iii) You take any emergency action with respect to the System. Your failure to promptly notify Us of such matters shall be a Customer Default under Section 13(a).

10. SALE OF SOLAR ENERGY. (a) Sale of Electricity. Beginning with the In-Service Date, We will sell to You and You will buy from Us all of the Energy produced by the System. Title to and risk of loss with respect to the Energy shall transfer from Us to You at the point where the System is interconnected with Your Property's electrical wiring. Energy from the System will be delivered to You in compliance with all requirements of the Utility. (b) Payments. You agree that the obligation to pay any amount due under this Agreement shall be absolute and unconditional, and shall not be subject to any abatement, defense, counterclaim, setoff, recoupment or reduction. You and We agree that all amounts payable by You hereunder shall be payable in all events including by Your heirs and estate. Except as permitted by the Notice of Cancellation, You hereby waive all rights You may have to reject or cancel this Agreement, to revoke acceptance of the System, or to grant a security interest in the System. (c) Limits on Obligation to Deliver. WE DO NOT WARRANT OR GUARANTEE THE AMOUNT OF ENERGY PRODUCED BY THE SYSTEM FOR ANY PERIOD OR ANY COST SAVINGS. We are not a utility or public service company and do not assume any obligations of a utility or public service company to supply Your energy requirements. We are not subject to rate review by governmental authorities. During the Term, You understand that You may require more electricity than the System may generate. If You need any such additional energy, then You shall be solely responsible to obtain such energy from the Utility at Your cost.

11. OWNERSHIP OF SYSTEM. (a) Our Ownership of the System. We shall own and hold all property rights in the System and the System Interests. You shall have no property interest in the System or the System Interests except for (i) the Energy that the System generates, and (ii) any credits or payments available under Your Utility's "net metering" program for the Energy that the System generates. You agree to keep the System and System Interests free from all liens and encumbrances. (b) Personal Property Nature of the System. Notwithstanding the manner in which the System is attached to Your Property, nor any fixture filing by Us, You and We hereby agree that the System and the System Interests shall remain Our sole personal property and shall not be deemed or characterized as a "fixture" or any part of the "realty", as those terms may be defined by applicable law. It is further agreed that the installation of the System shall not be a repair, remodel, alteration, conversion, modernization of, or addition to, Your Property. (c) Grant of Access. You hereby grant to Us and Our employees, agents, and contractors the right to access and use Your Property so that We may (i) install, operate, and maintain the System throughout the Term, (ii) enforce Our rights as to this Agreement and the System, and (iii) take any other action reasonably necessary in connection with the construction, installation, operation, maintenance, repair, or removal of the System. The foregoing rights of access to Your Property shall constitute a license coupled with an interest and shall be irrevocable for up to ninety (90) days after this Agreement expires to provide Us with time to remove the System at the end of the Term. (d) Notices of System Ownership. You authorize Us to make filings and recordings with relevant governmental authorities as may be necessary to provide notice of Our ownership in the System and the System Interests, and Our right to access Your Property. Upon termination of this Agreement, each such filing will be terminated. You understand that the System shall be marked and identified as Our property.

12. ASSIGNMENT & TRANSFER. (a) Assignment. We may assign, sell, or transfer (in whole or in part) this Agreement, the System, or the System Interests without Your consent and without notice. If such assignee agrees in writing to assume Our rights under this Agreement, We will have no further liability or obligation under this Agreement upon the effectiveness of such assignment. (b) Transfer of Property. You shall provide Us with thirty (30) days' prior written notice of a proposed fee simple sale of Your Property. This written notice shall include the name of the proposed purchaser or transferee ("Property Transferee") and the proposed date of sale or transfer. You will also provide any additional information regarding Property Transferee that We reasonably request. You will request that Property Transferee agree in writing with Us that Property Transferee will assume Your obligations under this Agreement. Property Transferee shall enter into such agreement on or before the date Your Property is sold. Alternatively, if We determine that Property Transferee is not adequately creditworthy to assume Your obligations under this Agreement, or Property Transferee refuses to assume Your obligations under this Agreement, We

may terminate this Agreement on written notice to You and You will be obligated to pay to Us an amount equal to Four Dollars (\$4) per watt installed, subject to a cap to Us of five percent (5%) per year (e.g. in year 20, the Transfer Payment will be reduction of five percent (5%) per year (e.g. in year 20, the Transfer Payment will be \$1.56 per watt installed), plus applicable taxes (the "Transfer Payment"). After You pay to Us the Transfer Payment, We will transfer ownership of the System to You on an "As Is, Where Is" basis. Notwithstanding any other provision in this Agreement, if the proposed transfer of Your Property to Property Transferee is a lease or other transfer that is not a fee simple sale, You will remain responsible for performance of Your obligations under this Agreement. You agree that the death of all Customers hereunder shall be deemed a transfer of Your Property, and We will work with Your successors and heirs to transfer this Agreement pursuant to the terms and conditions of Section 12(b).

13. EVENTS OF DEFAULT. (a) Customer Default. A "Customer Default" shall mean the occurrence of any of the following: (i) Your failure to make any payment under this Agreement within ten (10) days of when due and such failure is not cured within ten (10) days after We give You written notice of such failure; (ii) Your failure to perform any obligation under this Agreement and such failure is not cured within thirty (30) days after We give You written notice of such failure; (iii) You deny Us, Our contractors or agents, governmental authorities, or the Utility access to Your Property and such access is not given within thirty (30) days after We give You written notice of the failure to provide such access; (iv) Your bankruptcy, insolvency or admission of Your inability to pay Your debts as they mature; or (v) Your Property becoming subject to a foreclosure proceeding. (b) Remedies for Customer Default. If a Customer Default occurs, We may exercise any of the following remedies: (i) terminate this Agreement and demand You pay the Default Payment; (ii) leave the System in place on Your Property, but deny You access to and use of the Energy it produces, which may be redirected and sold at Our election; (iii) disconnect or take back the System as permitted by applicable law; (iv) place a lien on Your Property; (v) engage a collection agency to collect payments from You; (vi) report Your default to credit reporting agencies; and/or (vii) exercise any other remedy available to Us in this Agreement or under applicable law. (c) Seller Default. A "Seller Default" shall mean the occurrence of any of the following: (i) Our failure to perform any of Our material obligations under this Agreement and the effect of such failure is not cured within thirty (30) days after You give Us written notice of such failure; or (ii) Our bankruptcy, insolvency or admission of Our inability to pay Our debts as they mature. (d) Remedies for Seller Default. If a Seller Default occurs and is continuing, You may: (i) terminate this Agreement and request removal of the System from Your Property; and/or (ii) except as provided below, exercise any other remedy available to You in this Agreement or under applicable law. Notwithstanding the foregoing, You will have no right to claim damages as a result of the termination of this Agreement, except for (x) the actual costs to remove the System, if We fail to remove the System from Your Property pursuant to Section 14; and (y) any damages to Your Property resulting from the removal of the System by Us or Our contractor. (e) Default Payments. If this Agreement is terminated for any reason, other than pursuant to the Notice of Cancellation, Section 16, or a Seller Default, You will pay to Us the Default Payment. The "Default Payment" shall be an amount equal to Seven Dollars (\$7) per watt installed, subject to a reduction of five percent (5%) per year (e.g. in year 20, the Default Payment will be \$2.68 per watt installed), plus applicable taxes. You agree that the Default Payment fairly reflects the value of the System, and, in the case of a Customer Default, is a fair representation of the damages and losses that We expect to incur. After You pay to Us the Default Payment, We will transfer ownership of the System to You on an "As Is, Where Is" basis.

14. TERMINATION. (a) Termination by Seller. We may, in Our sole discretion, terminate this Agreement (i) if prior to the In-Service Date, upon delivery of written notice to You; or (ii) upon the occurrence of a Customer Default. Within ninety (90) days after termination of this Agreement, other than under the circumstances in which the System is transferred to You under Section 2, Section 12, or Section 13, We will remove the System and restore all rooftop penetrations to be free from leaks. If We elect to terminate this Agreement, We will have no further liability to You. (b) Termination by Customer. You may terminate this Agreement (i) pursuant to the terms of the Notice of Cancellation, or (ii) upon a Seller Default.

15. SYSTEM SHUTDOWNS. (a) Safety Shutdown. In addition to Our right to shut down the System for maintenance, We may shut down the System if We reasonably believe that Property conditions or activities of persons on the Property, which are not under Our control, whether or not under Your control, may interfere with the safe operation of the System (a "Safety Shutdown"). During the pendency of a Safety Shutdown, You will pay Us the Shutdown Payment. (b) Property Vacated. In the event that You vacate Your Property for any period of time as a result of an event that is not a Force Majeure Event or Seller Default, You will continue to pay Us for all the Energy produced by the System. (c) Interconnection Deactivation. If interconnection with the Utility becomes deactivated for reasons that are not (i) a Force Majeure Event, or (ii) caused by or related to Our unexcused action or inaction, such that the System is no longer able to produce electricity or transfer electricity to You or to the Utility, You will pay Us the Shutdown Payment. (d) Shutdown Payment. The "Shutdown Payment" shall equal the sum of (i) payments of the Energy Price that You would have made to Us as described in Section 2.A, for the Energy that would have been produced by the System during the period of the shutdown; (ii) the value to Us of the System Incentives that We would have received with respect to the Energy that the System would have produced following such shutdown; and (iii) applicable taxes. Determination of the amount of Energy that would have been produced during the period of the shutdown shall be based (A) during the first year after the In-Service Date, on estimated levels of production; and (B) after the first year after the In-Service Date, based on actual operation of the System during the same period in the previous year. If a shutdown pursuant to Section 4 or this Section 15 continues for one hundred and eighty (180) days or longer, We may, in Our sole discretion, terminate this Agreement and require You to pay the Default Payment.

16. FORCE MAJEURE. If You or We are unable to perform any of the obligations under this Agreement because of a Force Majeure Event, such affected party will be excused from whatever performance is affected by the Force Majeure Event, provided that the suspension of such obligations is of no greater scope and of no longer duration than is required by the Force Majeure Event. "Force Majeure Event" shall mean any event, condition or circumstance beyond the control of the affected party which, by the exercise of due foresight such party could not reasonably have been expected to avoid, and which by the exercise of due diligence such party without fault attributable to it is unable to overcome, including, but not limited to, action by a governmental authority, the failure to act on the part of any governmental authority or the Utility (provided that such action has been timely requested and diligently pursued), failure to obtain or maintain a permit, license, consent or approval (provided that such party has made timely and reasonable commercial efforts to obtain and maintain the same), labor dispute, strike, work-stoppage, slow-down, lock-out, flood, earthquake, fire, lightning, wind, epidemic, war, terrorism, riot, economic sanction or embargo, civil disturbance, act of god, unavailability of electricity from the Utility, equipment, supplies or products, power or voltage surge caused by someone other than the affected party, or failure of equipment not utilized by or under the control of the affected party.

17. LIMITATION OF LIABILITY. You understand that: (a) We are not an insurer of Your Property, personal property, or personal safety of persons in or on Your Property; (b) You are solely responsible for providing any insurance with respect to Your Property and its contents; (c) the amount You pay to Us is based only on the value of the Energy produced by the System and not on the value of Your Property or its contents; (d) the System may not always operate properly for various reasons; (e) it is difficult to determine in advance the value of the components of the System that might be lost or destroyed if the System fails to operate properly; (f) it is difficult to determine in advance what portion, if any, of any property loss, personal injury or death would be proximately caused by Our failure to perform, Our negligence, or a failure of the System, or the System installation.

NOTWITHSTANDING ANY BREACH OF THIS AGREEMENT, ANY FAILURE OF THE SYSTEM, OR ANY NEGLIGENT ACT THAT CAUSED ANY INJURY OR LOSS (WHETHER PROPERTY DAMAGE, PERSONAL INJURY OR DEATH) TO ANYONE, WE AND YOU AGREE THAT, UNLESS SUCH INJURY OR LOSS WAS CAUSED BY A PARTY'S GROSS NEGLIGENCE, FRAUD, OR WILLFUL INJURY, SUCH PARTY'S LIABILITY ARISING OUT OF OR RELATING TO THIS AGREEMENT SHALL IN NO EVENT EXCEED THE DEFAULT PAYMENT. YOU AND WE AGREE THAT THIS AMOUNT IS A FAIR REPRESENTATION OF THE DAMAGES THAT YOU OR WE EXPECT TO INCUR IN THE CASE OF ANY INJURY OR LOSS HEREUNDER.

NO CLAIM SHALL BE MADE BY YOU AGAINST US OR ANY OF OUR AFFILIATES, DIRECTORS, EMPLOYEES, AGENTS, OR CONTRACTORS FOR ANY SPECIAL, EXEMPLARY, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES (WHETHER OR NOT THE CLAIM THEREFORE IS BASED ON CONTRACT, TORT, DUTY IMPOSED BY LAW OR OTHERWISE), IN CONNECTION WITH, ARISING OUT OF, OR IN ANY WAY RELATED TO THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR ANY ACT OR OMISSION OR EVENT OCCURRING IN CONNECTION THEREWITH. YOU HEREBY WAIVE, RELEASE, AND AGREE NOT TO SUE UPON ANY SUCH CLAIM FOR ANY SUCH DAMAGES, WHETHER OR NOT ACCRUED AND WHETHER OR NOT KNOWN OR SUSPECTED TO EXIST IN YOUR FAVOR. YOU FURTHER AGREE THAT NO CLAIM, LAWSUIT, OR ANY OTHER LEGAL OR ARBITRATION PROCEEDING IN CONNECTION WITH, ARISING OUT OF, OR IN ANY WAY RELATED TO THIS AGREEMENT MAY BE BROUGHT, COMMENCED OR FILED MORE THAN ONE (1) YEAR AFTER THE INCIDENT GIVING RISE TO SUCH CLAIM. YOU ACKNOWLEDGE THAT WE ARE RELYING ON THIS SECTION 17 AS A CONDITION AND MATERIAL INDUCEMENT TO ENTER INTO THIS AGREEMENT.

18. INDEMNIFICATION. To the fullest extent permitted by applicable law, You hereby agree to indemnify, advance expenses, and hold harmless Us and Our affiliates, directors, employees, agents, contractors, and Our successors and assigns (each, a "Covered Person") from any and all third party claims, actions, costs, expenses (including reasonable attorneys' fees and expenses), damages, liabilities, penalties, losses, obligations, injuries, demands and liens of any kind or nature in connection with, arising out of, or in any way related to (i) Your breach of this Agreement, or (ii) Your negligence or willful misconduct; *provided that* Your indemnification obligations under this Section 18 shall not apply if the harm or damage that is the basis for such third party claim occurred while one of Our employees or agents was at Your Property and such harm or damage was solely caused by the active negligence or willful misconduct of such employee or agent.

19. SUBROGATION. You agree to release all Covered Persons from any claims of any parties suing through Your authority or in Your name, such as Your insurance company, and You agree to defend Us against any such claim. **YOU AGREE TO NOTIFY YOUR INSURANCE COMPANY OF THIS RELEASE.**

20. AMENDMENTS AND WAIVERS. This Agreement may only be amended or modified by an instrument in writing signed by both You and Us.

21. ENTIRE AGREEMENT. This Agreement, the Additional Terms and Conditions, the Customer Packet, the Work Order, and any other agreements or documents incorporated herewith, constitute the entire agreement between You and Us and supersede all prior oral and written negotiations, communications, discussions and correspondence pertaining to the subject matter hereof.

22. BINDING EFFECT. This Agreement shall be binding upon and inure to the benefit of You and Us and Our and Your respective heirs, legal representatives, successors, and permitted assigns. Except as otherwise expressly provided in this Agreement, or by operation of law, neither this Agreement nor any of the rights, interests, or obligations hereunder may be assigned by You without Our prior written consent. Any assignment by You without Our prior written consent shall be void.

23. GOVERNING LAW. This Agreement, and any instrument or agreement required hereunder, shall be governed by, and construed under, the internal laws of the state where the Property is located.

24. NOTICE. All notices, requests, demands, and other communications required or permitted to be given under this Agreement shall be in writing delivered to the applicable party at the address set forth in this Agreement or to such other address as any party may designate from time to time by written notice to the other party.

25. SURVIVAL. After termination or expiration of this Agreement, any provisions which by their nature are intended to survive such termination or cancellation shall survive, including (without limitation) Sections 2, 3, 5, 11, 13, 14, 17, 18, and 19.

26. SEVERABILITY. If any provision of this Agreement is held to be invalid, prohibited, or otherwise unenforceable by an arbitrator or court of competent jurisdiction, this Agreement shall be considered divisible and such provision shall be

deemed inoperative to the extent it is deemed invalid, prohibited, or unenforceable, and in all other respects this Agreement shall remain in full force and effect; *provided, however,* that if any such provision may be made enforceable by limitation thereof, then such provision shall be deemed to be so limited and shall be enforceable to the maximum extent permitted by applicable law.

27. COUNTERPARTS. This Agreement may be executed in one or more counterparts, and all such counterparts shall be deemed to constitute one instrument. A facsimile or portable document format ("pdf") shall constitute an original for purposes hereof.

28. PUBLICITY. You hereby authorize Us to use Your and Your Property's voice, photograph, video, and likeness in print media, radio, television, e-mail, social media, web materials, and any audio or video recording; *provided that* We agree that We will not disclose any of Your personally identifying information (except as provided in Section 2(e)). You waive and forever release Us for any Dispute relating to or arising out of this Section 28.

29. PRESCREEN AND OPT-OUT NOTICE. THIS "PRESCREENED" OFFER OF CREDIT IS BASED ON INFORMATION IN YOUR CREDIT REPORT INDICATING THAT YOU MEET CERTAIN CRITERIA. THIS OFFER IS NOT GUARANTEED IF YOU DO NOT MEET OUR CRITERIA. IF YOU DO NOT WANT TO RECEIVE PRESCREENED OFFERS OF CREDIT FROM US AND OTHER COMPANIES, CALL THE CONSUMER REPORTING AGENCIES TOLL-FREE, (888) 567-8688, OR WRITE: EXPERIAN OPT OUT, P.O. BOX 919 ALLEN, TX 75013; TRANSUNION NAME REMOVAL OPTION, P.O. BOX 505 WOODLYN, PA 19094; EQUIFAX OPTIONS, P.O. BOX 740123 ATLANTA, GA 30374-0123.

30. CALIFORNIA NOTICE: MECHANICS' LIEN WARNING. Anyone who helps improve your property, but who is not paid, may record what is called a mechanics' lien on your property. A mechanics' lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder. Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics' liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit. To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a "20-day Preliminary Notice." This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid. **BE CAREFUL.** The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices. You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property. **PROTECT YOURSELF FROM LIENS.** You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive. **PAY WITH JOINT CHECKS.** One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier. For other ways to prevent liens, visit CSLB's Website at www.cslb.ca.gov or call CSLB at (800) 321-2752. **REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME.** This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe. *Pursuant to the terms of this Agreement, if You fail to make any payment when due hereunder, We may file a lien on Your Property.*

31. CALIFORNIA NOTICE: NOTE ABOUT EXTRA WORK AND CHANGE ORDERS. Extra Work and Change Orders become part of the contract once the order is prepared in writing and signed by the parties prior to the commencement of work covered by the new change order. The order must describe the scope of the extra work or change, the cost to be added or subtracted from the contract, and the effect the order will have on the schedule of progress payments. We are not required to perform additional work or changes without written approval in a "Change Order" before any of the new work is started. Extra work or a Change Order is not enforceable against You as the buyer unless the Change Order also identifies all of the following in writing prior to commencement of any work covered by such Change Order: (i) the scope of work encompassed by such Change Order; (ii) the amount to be added or subtracted from the Agreement; and (iii) the effect the order will make in the progress payments or the completion date. Our failure to comply with the requirements of this paragraph does not preclude the recovery of compensation for work performed based upon legal or equitable remedies designed to prevent unjust enrichment. *Pursuant to the terms of this Agreement, the initial design and installation of the System shall be done at Our sole cost and expense, and the above notice does not apply to such work.*

Payment Options \$ Please visit sdge.com/residential/pay-your-bill for more ways to pay your bill.

Online Bill Pay:

Register to make a secure payment now or schedule your payment at myaccount.sdge.com, or visit your bank's website for home banking options.

Credit/Debit:

Pay by credit/debit card via third party vendor (fee applies) by visiting sdge.com/residential/pay-your-bill. Click on the Bill Matrix link or call 1-800-386-0067 to make a payment.

Mobile:

SDGE's free app for your mobile device gives you more ways to connect with us. Visit sdge.com/mobileapps to download.

In Person:

To find the nearest location and hours of operation, visit sdge.com/locations.

Need help paying your bill?

For payment options or to make payment arrangements, visit us at sdge.com/assistance or call 1-800-411-7343.

By Mail:

Mail your check or money order, along with the payment stub at the bottom of your bill, in the enclosed envelope to SDGE, PO Box 25111, Santa Ana, CA 92799-5111.

Breakdown of Current Charges

*Credits are not shown on the chart

The total current charges include the following components. Definitions for these terms are shown on page 6 of your bill.

Electric Charges

Electricity Generation	\$4.59
Transmission	\$3.42
Distribution	\$6.46
Competition Transition Charge	\$0.04
Local Generation Charge	\$0.45
Total Rate Adj. Comp.	\$1.24

Other Charges & Credits (Electric)

Public Purpose Programs	\$0.72
Wildfire Fund Charge	\$0.31
Other	\$0.09

Total Current Charges \$17.32

Your Electricity Dashboard

Average Electricity Cost (kWh)

53 kWh

Tier 1	Tier 2	High Usage Charge
0 - 387 kWh	388 - 1,192 kWh	≥ 1,193 kWh
32¢	40¢	51¢

The pricing illustrated above represents an average cost per kWh for each tier. Actual prices may vary as some credits, discounts and taxes are not added.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

5.6 kW on April 19, 2021 from 7:00pm to 8:00pm

Demand is the highest amount of electricity used at a given point in time.

Net Energy Metering Summary

Payment Required This Month:			No					

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

Event kWh: The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

California Climate Credit: Represents the YTD California Climate Credit.

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required: Indicates whether or not a payment is required this month.

Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDGE by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDGE recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDGE. SDGE collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDGE and DWR. Electricity from DWR is owned by DWR, not SDGE. If you purchase electricity from another supplier or buy electricity through SDGE using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDGE is included in the SDGE Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to

maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDGE customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDGE Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDGE's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDGE bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDGE service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDGE amounts before service is restored. Your SDGE service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDGE will disconnect your services only for non-payment of those charges owed SDGE.

If you are unable to pay your SDGE bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDGE before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDGE fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDGE service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDGE. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDGE customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDGE customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDGE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If you pay your SDGE bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDGE at 1-800-411-SDGE (7343).

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

NEM Credits: Represents the credits associated with the net kWh over-generated by your system and delivered to the local energy grid during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: Credits that can be used to offset charges within the current True-Up period. These credits are calculated using the full retail rate for energy. This retail value is only applicable to offset charges for energy within your True-Up period. At True-Up, any remaining excess generation will be purchased by SDG&E at the wholesale rate.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up. If your total kWh is a negative number in the YTD Totals, you will receive an excess generation payment as a credit on your bill. Payment is based on a rolling 12-month average of spot market prices. If your total kWh does not reflect a negative number, then you do not qualify for a payment.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required This Month: Indicates whether or not a payment is required this month.

Please Note:

Minimum charges apply for residential non-care billing falling below an average of \$0.329 per day. Customers participating in CARE, FERA, or Medical will receive a reduced minimum bill amount of \$0.164 per day.

Any applicable taxes associated with the minimum charge will be applied at the time of your True-Up.

Credits and charges are calculated using the same currently approved rates.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Power Charge Indifference Adjustment (PCIA) - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Reliability Services (RS) - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

Wildfire Fund Charge - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

Wildfire Fund Charge - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

Event kWh: The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

California Climate Credit: Represents the YTD California Climate Credit.

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required: Indicates whether or not a payment is required this month.

Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDGE by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDGE recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDGE. SDGE collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDGE and DWR. Electricity from DWR is owned by DWR, not SDGE. If you purchase electricity from another supplier or buy electricity through SDGE using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDGE is included in the SDGE Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to

maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDGE customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDGE Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDGE's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDGE bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDGE service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDGE amounts before service is restored. Your SDGE service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDGE will disconnect your services only for non-payment of those charges owed SDGE.

If you are unable to pay your SDGE bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDGE before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDGE fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDGE service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDGE. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDGE customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDGE customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDGE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If you pay your SDGE bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDGE at 1-800-411-SDGE (7343).

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

NEM Credits: Represents the credits associated with the net kWh over-generated by your system and delivered to the local energy grid during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: Credits that can be used to offset charges within the current True-Up period. These credits are calculated using the full retail rate for energy. This retail value is only applicable to offset charges for energy within your True-Up period. At True-Up, any remaining excess generation will be purchased by SDG&E at the wholesale rate.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up. If your total kWh is a negative number in the YTD Totals, you will receive an excess generation payment as a credit on your bill. Payment is based on a rolling 12-month average of spot market prices. If your total kWh does not reflect a negative number, then you do not qualify for a payment.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required This Month: Indicates whether or not a payment is required this month.

Please Note:

Minimum charges apply for residential non-care billing falling below an average of \$0.329 per day. Customers participating in CARE, FERA, or Medical will receive a reduced minimum bill amount of \$0.164 per day.

Any applicable taxes associated with the minimum charge will be applied at the time of your True-Up.

Credits and charges are calculated using the same currently approved rates.

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Power Charge Indifference Adjustment (PCIA) - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Reliability Services (RS) - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

Wildfire Fund Charge - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

NEM Credits: Represents the credits associated with the net kWh over-generated by your system and delivered to the local energy grid during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: Credits that can be used to offset charges within the current True-Up period. These credits are calculated using the full retail rate for energy. This retail value is only applicable to offset charges for energy within your True-Up period. At True-Up, any remaining excess generation will be purchased by SDG&E at the wholesale rate.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up. If your total kWh is a negative number in the YTD Totals, you will receive an excess generation payment as a credit on your bill. Payment is based on a rolling 12-month average of spot market prices. If your total kWh does not reflect a negative number, then you do not qualify for a payment.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required This Month: Indicates whether or not a payment is required this month.

Please Note:

Minimum charges apply for residential non-care billing falling below an average of \$0.329 per day. Customers participating in CARE, FERA, or Medical will receive a reduced minimum bill amount of \$0.164 per day.

Any applicable taxes associated with the minimum charge will be applied at the time of your True-Up.

Credits and charges are calculated using the same currently approved rates.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Power Charge Indifference Adjustment (PCIA) - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Reliability Services (RS) - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

Wildfire Fund Charge - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

NEM Credits: Represents the credits associated with the net kWh over-generated by your system and delivered to the local energy grid during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: Credits that can be used to offset charges within the current True-Up period. These credits are calculated using the full retail rate for energy. This retail value is only applicable to offset charges for energy within your True-Up period. At True-Up, any remaining excess generation will be purchased by SDG&E at the wholesale rate.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up. If your total kWh is a negative number in the YTD Totals, you will receive an excess generation payment as a credit on your bill. Payment is based on a rolling 12-month average of spot market prices. If your total kWh does not reflect a negative number, then you do not qualify for a payment.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required This Month: Indicates whether or not a payment is required this month.

Please Note:

Minimum charges apply for residential non-care billing falling below an average of \$0.329 per day. Customers participating in CARE, FERA, or Medical will receive a reduced minimum bill amount of \$0.164 per day.

Any applicable taxes associated with the minimum charge will be applied at the time of your True-Up.

Credits and charges are calculated using the same currently approved rates.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Power Charge Indifference Adjustment (PCIA) - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Reliability Services (RS) - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

Wildfire Fund Charge - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

Wildfire Fund Charge - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Life's full of surprises. Don't let your energy bill be one of them. For a more predictable monthly bill, sign up for Level Pay at sdge.com/levelpay.

Bill Discount: You can save 30% or more on your monthly energy bill. Eligibility is based on participation in certain public assistance programs or current household income and the number of people living in your home. To apply, call 1-877-646-5525 or visit sdge.com/CARE.

Descuento en la facture: Puede ahorrar un 30% o más en su factura mensual de energía. Los requisitos del programa se basan en la participación en ciertos programas de asistencia pública, o el ingreso anual y el número de personas que viven en el hogar. Para aplicar, llame al 1-877-646-5525 o visite sdge.com/CARE.

Financial assistance to help eligible low income customers reduce outstanding account balances is available through SDG&E's new Arrearage Management Payment (AMP) plan. To see if you qualify and for Terms & Conditions, visit www.sdge.com/AMP or call us at 1-800-411-7343.

Current Account Balance \$ 495.69

Payment Required This Month: No

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

Event kWh: The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

California Climate Credit: Represents the YTD California Climate Credit.

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required: Indicates whether or not a payment is required this month.

Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDGE by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDGE recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDGE. SDGE collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDGE and DWR. Electricity from DWR is owned by DWR, not SDGE. If you purchase electricity from another supplier or buy electricity through SDGE using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDGE is included in the SDGE Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to

maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDGE customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDGE Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDGE's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDGE bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDGE service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDGE amounts before service is restored. Your SDGE service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDGE will disconnect your services only for non-payment of those charges owed SDGE.

If you are unable to pay your SDGE bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDGE before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDGE fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDGE service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDGE. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDGE customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDGE customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDGE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If you pay your SDGE bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDGE at 1-800-411-SDGE (7343).

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

Event kWh: The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

California Climate Credit: Represents the YTD California Climate Credit.

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required: Indicates whether or not a payment is required this month.

Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Date Due" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

\$ 9.00 Collection field visit
\$15.00 Maximum service disconnection charge
\$ 5.85 Minimum reconnection charge per meter
\$23.40 Maximum reconnection charge per meter
\$23.40 Restore service at pole

Residential customers who are unable to pay their SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, need to call SDG&E before the expiration of this notice. Employees, including multi-lingual staff, are available to assist with payment arrangements. If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A

more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or email: info@sdge.com.

Re-Establishment of Credit / Deposit - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Summary of Current Charges

(See page 2 for details)

	Billing Period	Usage	Amount(\$)
Electric	Mar 1, 2021 - Mar 30, 2021	252 kWh	82.35
Total Charges this Month			\$82.35

Regulatory Notices

- All customers are required to pay a Competition Transition Charge as part of the charges above, including those who choose an electric service provider other than SDG&E.
- For applicable customers, the current DWR Bond Charge line item is now used for collecting for the California Wildfire Fund charge effective Oct 1, 2020. Once SDG&E has implemented its new customer information system in 2021, the line item will be renamed the Wildfire Fund. The amount collected is not impacted.

Payment is not required at this time. Your account will true-up on Sep 28, 2021. Your account has a balance of \$113.39.

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required: Indicates whether or not a payment is required this month.

Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the

household, you need to call SDG&E before the expiration of this notice.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

NEM Credits: Represents the credits associated with the net kWh over-generated by your system and delivered to the local energy grid during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: Credits that can be used to offset charges within the current True-Up period. These credits are calculated using the full retail rate for energy. This retail value is only applicable to offset charges for energy within your True-Up period. At True-Up, any remaining excess generation will be purchased by SDG&E at the wholesale rate.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up. If your total kWh is a negative number in the YTD Totals, you will receive an excess generation payment as a credit on your bill. Payment is based on a rolling 12-month average of spot market prices. If your total kWh does not reflect a negative number, then you do not qualify for a payment.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required This Month: Indicates whether or not a payment is required this month.

Please Note:

Minimum charges apply for residential non-care billing falling below an average of \$0.329 per day. Customers participating in CARE, FERA, or Medical will receive a reduced minimum bill amount of \$0.164 per day.

Any applicable taxes associated with the minimum charge will be applied at the time of your True-Up.

Credits and charges are calculated using the same currently approved rates.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Power Charge Indifference Adjustment (PCIA) - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Reliability Services (RS) - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

Wildfire Fund Charge - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

Event kWh: The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

California Climate Credit: Represents the YTD California Climate Credit.

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required: Indicates whether or not a payment is required this month.

Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to

maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Date Due" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

\$ 9.00 Collection field visit
\$15.00 Maximum service disconnection charge
\$ 5.85 Minimum reconnection charge per meter
\$23.40 Maximum reconnection charge per meter
\$23.40 Restore service at pole

Residential customers who are unable to pay their SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, need to call SDG&E before the expiration of this notice. Employees, including multi-lingual staff, are available to assist with payment arrangements. If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A

more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or email: info@sdge.com.

Re-Establishment of Credit / Deposit - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Electric Meter Charges and Payments			\$	1,157.33		
Current Account Balance			\$	1,708.86		
Payment Required This Month:				No		

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

NEM Credits: Represents the credits associated with the net kWh over-generated by your system and delivered to the local energy grid during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: Credits that can be used to offset charges within the current True-Up period. These credits are calculated using the full retail rate for energy. This retail value is only applicable to offset charges for energy within your True-Up period. At True-Up, any remaining excess generation will be purchased by SDG&E at the wholesale rate.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up. If your total kWh is a negative number in the YTD Totals, you will receive an excess generation payment as a credit on your bill. Payment is based on a rolling 12-month average of spot market prices. If your total kWh does not reflect a negative number, then you do not qualify for a payment.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required This Month: Indicates whether or not a payment is required this month.

Please Note:

Minimum charges apply for residential non-care billing falling below an average of \$0.329 per day. Customers participating in CARE, FERA, or Medical will receive a reduced minimum bill amount of \$0.164 per day.

Any applicable taxes associated with the minimum charge will be applied at the time of your True-Up.

Credits and charges are calculated using the same currently approved rates.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Power Charge Indifference Adjustment (PCIA) - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Date Due" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

\$ 9.00 Collection field visit
\$15.00 Maximum service disconnection charge
\$ 5.85 Minimum reconnection charge per meter
\$23.40 Maximum reconnection charge per meter
\$23.40 Restore service at pole

Residential customers who are unable to pay their SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, need to call SDG&E before the expiration of this notice. Employees, including multi-lingual staff, are available to assist with payment arrangements. If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A

more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or email: info@sdge.com.

Re-Establishment of Credit / Deposit - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Electric Meter Charges and Payments	\$	1,157.33
Current Account Balance	\$	1,441.09
Payment Required This Month:	No	

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

NEM Credits: Represents the credits associated with the net kWh over-generated by your system and delivered to the local energy grid during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: Credits that can be used to offset charges within the current True-Up period. These credits are calculated using the full retail rate for energy. This retail value is only applicable to offset charges for energy within your True-Up period. At True-Up, any remaining excess generation will be purchased by SDG&E at the wholesale rate.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up. If your total kWh is a negative number in the YTD Totals, you will receive an excess generation payment as a credit on your bill. Payment is based on a rolling 12-month average of spot market prices. If your total kWh does not reflect a negative number, then you do not qualify for a payment.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required This Month: Indicates whether or not a payment is required this month.

Please Note:

Minimum charges apply for residential non-care billing falling below an average of \$0.329 per day. Customers participating in CARE, FERA, or Medical will receive a reduced minimum bill amount of \$0.164 per day.

Any applicable taxes associated with the minimum charge will be applied at the time of your True-Up.

Credits and charges are calculated using the same currently approved rates.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Power Charge Indifference Adjustment (PCIA) - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Date Due" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

\$ 9.00 Collection field visit
\$15.00 Maximum service disconnection charge
\$ 5.85 Minimum reconnection charge per meter
\$23.40 Maximum reconnection charge per meter
\$23.40 Restore service at pole

Residential customers who are unable to pay their SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, need to call SDG&E before the expiration of this notice. Employees, including multi-lingual staff, are available to assist with payment arrangements. If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A

more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or email: info@sdge.com.

Re-Establishment of Credit / Deposit - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

In case of wildfires, staying in the know can help keep you safe. Start by making sure your contact information is up to date. Visit sdge.com/MyAccount.

Net Energy Metering Annual True-Up Bill

Your account has been settled and all applicable generation credits have been applied. Your Net Energy Metering True-Up Statement is enclosed. Please pay the amount due, if applicable, which is provided on this bill by the due date indicated. If you have any questions, please email at info@sdge.com or call 1-800-411-7343.

Savings Alert: California is fighting climate change and so can you! Your bill includes a Climate Credit from a state program to cut carbon pollution while also reducing your energy costs. Find out how at EnergyUpgradeCA.org/credit.

Financial assistance to help eligible low income customers reduce outstanding account balances is available through SDG&E's new Arrearage Management Payment (AMP) plan. To see if you qualify and for Terms & Conditions, visit www.sdge.com/AMP or call us at 1-800-411-7343.

Understanding Your Net Metering Summary

Start Date: Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

True-Up Date: The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

Total kWh: The net kWh for each billing period.

Event kWh: The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

NEM Charges: Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

Discounts: Any discount or California Climate Credit received in a given month.

Applied Credits: Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

Remaining Credits: The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

Cumulative Balance: Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

YTD Net Metering Charges/Credits: The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

California Climate Credit: Represents the YTD California Climate Credit.

Minimum Charge Adjustment: The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

Excess Generation Payment: Represents any excess generation payments at the time of your True-Up.

Additional Charges/Payments: The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

Current Account Balance: Represents your current net metering account balance.

Payment Required: Indicates whether or not a payment is required this month.

Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDGE by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDGE recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDGE. SDGE collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDGE and DWR. Electricity from DWR is owned by DWR, not SDGE. If you purchase electricity from another supplier or buy electricity through SDGE using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDGE is included in the SDGE Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to

maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDGE customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDGE Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDGE's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDGE bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDGE service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDGE amounts before service is restored. Your SDGE service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDGE will disconnect your services only for non-payment of those charges owed SDGE.

If you are unable to pay your SDGE bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDGE before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDGE fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDGE service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDGE. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDGE customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDGE customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDGE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If you pay your SDGE bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDGE at 1-800-411-SDGE (7343).

About your bill

You are billed each month for the actual amount of electricity generated by your solar system. Because your system production varies month to month, so will your bill.

Contact Sunrun

For billing questions, contact Sunrun Customer Care at **855.478.6786 x2**.
Hours: Monday through Friday
7:00am-8:00pm,
Saturday 8:00am-5:00pm
Mountain Time

Para preguntas sobre su factura comuníquese con Servicio al Cliente de Sunrun al 855.478.6786 x2.
Horarios: De Lunes a Viernes de
7:00am - 8:00pm,
Sabado de 8:00am - 5:00pm
Tiempo de la Montaña

Using Online Bill Pay?

Please include your 13-14 digit Sunrun account number in the "memo" field of your checking account payment.

Put cash in your pocket!

Don't forget you can earn cash for each person you refer that goes solar with Sunrun. Think you know someone that would be a good fit? Log on to www.mysunrun.com and refer them today.
