All correspondence and checks must be addressed to ASI Hastings Heating, Air & Solar at the address provided above.

Notice about extra work and change orders: Extra work and change orders become part of the Contract once the order is prepared in writing and signed by the parties prior to the commencement of any work covered by the change order. The order must describe the scope of work encompassed by the order, the cost to be added or subtracted from the Contract, and the effect the order will have by the schedule of progress payments.

Changes In Work: If Buyer, the lender, or any government agency or inspector requires any modification or addition to the work provided under this Agreement, the Contract price will be increased accordingly. Any modification or addition will be incorporated into this Agreement upon a written change order being signed by both Contractor and Buyer. The change order may also increase the time within which the Agreement is to be completed. Buyer may not require a Contractor to perform extra or change-order work without providing written authorization prior to the commencement of any work covered by the new change order. Extra work or a change order is not enforceable against Buyer unless the change order also identifies all of the following in writing prior to the commencement of any work covered by the new change order: 1. The scope of work encompassed by the order; 2. The amount to be added or subtracted from the Agreement; and 3. The effect the order will make in the progress payments or the completion date. The Contractor's failure to comply with the requirements of this paragraph does not preclude the recovery of compensation for work performed based upon legal or equitable remedies designed to prevent unjust enrichment.

Statement regarding release of mechanics lien: Upon satisfactory payment being made for any portion of the work performed, the contractor will, prior to any further payment being made, furnish to the person contracting for the home improvement work a full and unconditional release from any claim or mechanics lien pursuant to Section 8400 and Section 8404 of the Civil Code for that portion of the work for which payment has been made.

You are entitled to a completely filled in copy of this Contract signed by both you and the contractor before any work may be started.

Owner / buyer has the right to require the Contractor to have a Performance and Payment Bond; provided, however, this may increase the Contract price.

() Buyer: The law requires that the Contractor give you a notice explaining your right to cancel. Sign below if the contractor has given you a Notice of the Three-day Right to Cancel.
